

PUBLIC NOTICE

Notice to the public is hereby given that the Southwest Clean Air Agency (SWCAA) has made a preliminary determination to issue Air Discharge Permit SWCAA 15-3126 to Portco Packaging. This preliminary determination allows for the increase in VOC and HAP emission limits and the installation of an RTO unit for emissions capture and control at the facility at 211 5th Street, Woodland, Cowlitz County, Washington. The facility is currently a source of NOX and CO from the combustion of natural gas, and VOCs and HAPs from the use of inks and solvents. The public has an opportunity to review and comment on the preliminary Air Discharge Permit. All written or oral comments must be received by SWCAA within 30 days after the date of publication. Final action by SWCAA to approve, modify, or deny the proposal will be taken within 10 days after the close of the comment period. If there is a demonstrated significant public interest, a public meeting may be held at the close of the public comment period. The material is available for review at 11815 NE 99th Street, Suite 1294, Vancouver, Washington, Monday through Friday from 7:00 a.m. to 5:30 p.m. or online at (www.swcleanair.org/permitprelims.asp).
