The Fall period for burning of yard and garden trimmings by residents in Clark County Fire Dists. #5, #6, the Urban Service Dist. area of Clark County Fire Dist. #1, and all city limits within Clark County, will not begin prior to October 10, 1989, due to recent weather conditions. No open burning is currently allowed in these areas. During the next two weeks, the beginning date of the Fall burning season will be reevaluated by the Southwest Air Pollution Control Authority and the various Fire Protection Agencies.

Please watch for the opening date in your local newspaper, or telephone the office of the Southwest Air Pollution Control Authority, prior to conducting any outdoor burning.
